### **Focus Group Questions**

Questions:

What, if anything, surprised you as we talked about the RCA? (Another way to say this might be) What did you learn over the last seven weeks?

What are some questions you have about the RCA, Fourth, and our future in the denomination?

What are some of your initial comments/concerns about the potential for us to leave the RCA?

Do you have any specific ideas of how we can keep you informed as we move through this discernment process?

Finally, if we get to the point of a congregational vote to leave the RCA, how many of you would be in agreement? Why would you vote to leave? Why would you vote to stay?
